

SilentPower™

> Acoustic enclosures

For diesel generator sets ranging from 15 to 750 kVA
Designed to meet the most stringent norms for noise levels
Manufactured in state-of-the-art facilities
Easy maintenance with better service access

Design and features

Facility at Daman

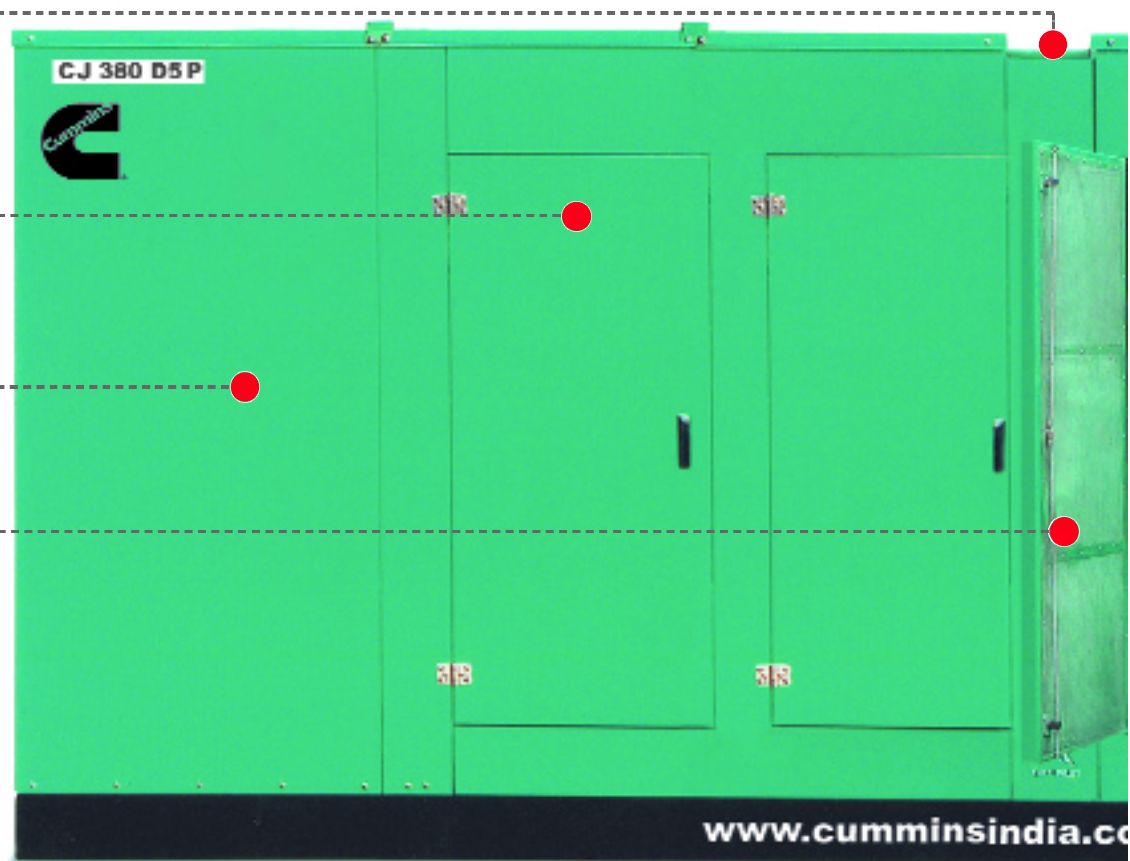

Various machines enabling quick and precise development of the enclosures

Single point lifting for easy handling at customer site (up to 380 KVA)

Wide access doors for easy maintenance

Compact design

Long lasting acoustic insulation behind perforated steel for attenuation

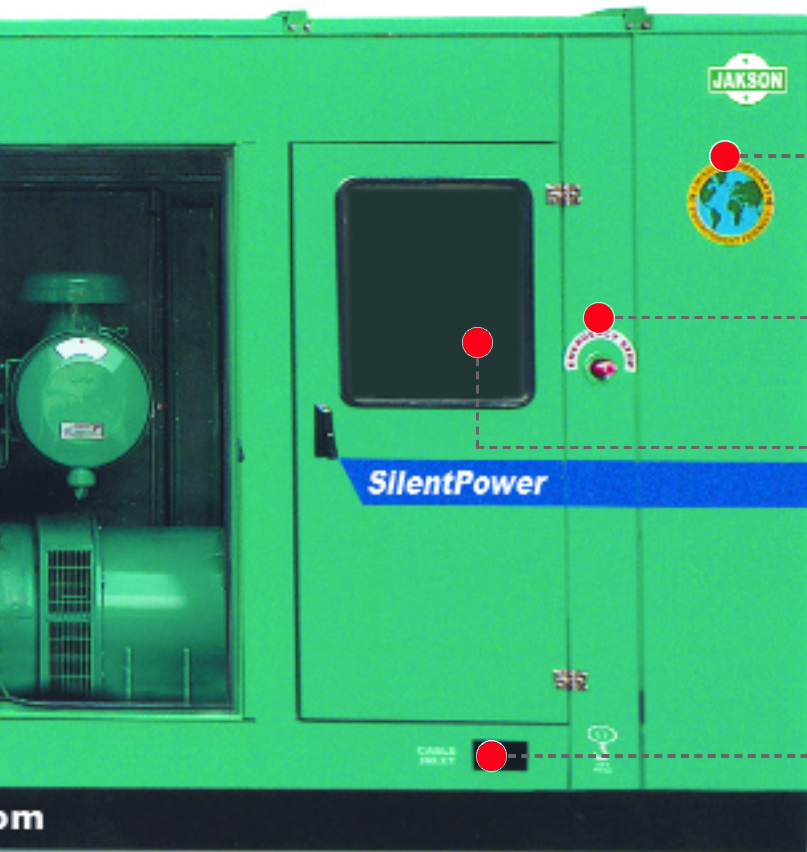

Acoustic Enclosures are designed with a host of user friendly features making them an ideal choice for industries that need reliable and safe source of power.

Automated painting process

Product features

- Door open retainers
- Easy access to the battery for top up
- Easy access to the radiator for cleaning
- Powder coated for superior finish and longer weather resistance
- Stainless steel fasteners for longer life
- Flush styling - no projections

Every enclosure is certified to meet the Emission norms

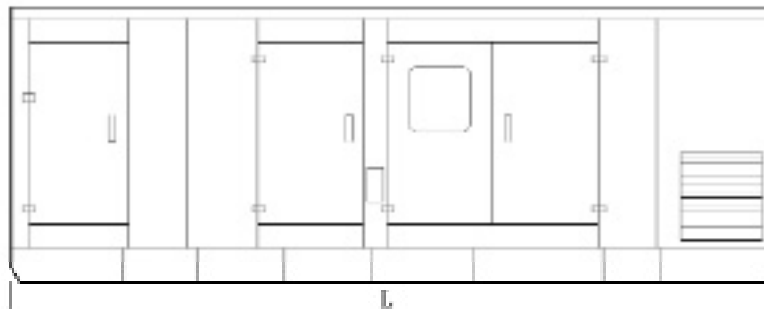

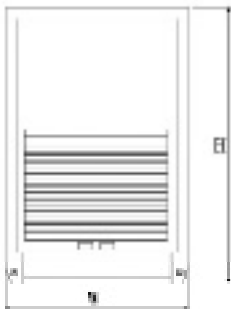

Recessed, easily accessible emergency stop button

Instrument panel viewing window

Cable entry provision for easy installation at site

Typical enclosed genset dimensions*

Model	Prime Rating (kVA)	Engine Model	Enclosure Dimensions		
			Length (mm)	Width (mm)	Height (mm)
CJ 15 D5 P	15	X 1.7 G1	2200	900	1375
